

MD. NAIM MOLLA

(+880)1518712648 ◊ Rajshahi, Bangladesh

naim.molla.stats@gmail.com ◊ [LinkedIn](#) ◊ [GitHub](#) ◊ naim.info.bd

OBJECTIVE

Data Science professional with hands-on experience in Statistics, ML, NLP, and GenAI, seeking a full-time or part-time Data Science role.

EDUCATION

Master of Science in Statistics , University of Rajshahi	Ongoing
Bachelor of Science in Statistics , University of Rajshahi CGPA: 3.22/4.00	2024
Higher Secondary Certificate (Science) GPA: 5.00/5.00	2020
Secondary School Certificate (Science) GPA: 5.00/5.00	2018

SKILLS

Programming Language	Python, R, SQL, STATA, C++
Machine Learning	EDA, Feature Engineering, Model Training and Evaluation, Model Deployment
NLP	Text preprocessing, Embedding, Transformer, Hugging Face
GenAI	LLM, Vector Database, RAG, Google API, Ollama
Statistics	Probability Theory, Multivariate Analysis, Hypothesis Testing, Estimation, Time Series Analysis, Survival Analysis, Epidemiology
Tools	Git, Linux/Bash, Jupyter, SPSS, VScode, Docker, AWS
Web Framework	Streamlit, Flask, FastAPI

EXPERIENCE

Research Assistant Data Science Research Lab, Department of Statistics, University of Rajshahi. <i>Research Interests:</i> Artificial Intelligence in Public Health, Epidemiology, Statistical modeling, and Natural Language Processing.	2025–Present
Co-Founder Stat.BD Co-founded a research mentorship and statistical consultancy firm offering research methodology guidance, data analysis, and statistical software training.	
Python Instructor Mentors4Data	Feb 2025–Sep 2025

PROJECTS

Medical Assistant Chatbot (RAG-based LLM APP)
Built a Flask-based medical chatbot using Gemini API and Pinecone vector database to deliver context-aware, retrieval-augmented responses from a custom knowledge base. ([Github](#))

End-to-End Book Recommender System

Built a Book Recommender System Machine Learning that suggests similar books on user input. Created a simple Streamlit web app and deployed it on AWS. ([Github](#))

FoodVision AI (Food Image Classification)

Built an end-to-end food image classification app using fine-tuned VGG16 to recognize 11 food categories. Integrated a FastAPI backend, a React interface with image upload and confidence scores, and Docker packaging. ([GitHub](#))

DataAuditKit (Python Package)[Not fully developed, Ongoing]

Published an open-source Python library on PyPI for exploratory data analysis (EDA), providing utilities for data summarization, visualization, missing value analysis, and descriptive statistics. ([PyPI](#))

Eclipse-ML (Machine Learning Research Toolkit)[Not fully developed, Ongoing]

Built a Python toolkit for guided ML research with data profiling, scikit-learn pipelines, model comparison, and publication-ready figures and reports. ([PyPI](#))

PUBLICATION AND CONFERENCE

[1] A Multi-Model Approach to English-Bangla Sentiment Classification of Government Mobile Banking App Reviews Md. N. Molla, M. M. Fahim, Md. Binyamin, M. R. Karim. Preprint, 2026. ([arxiv](#))

[2] Distributed Causality in the SDG Network: Evidence from Panel VAR and Conditional Independence Analysis M. M. Fahim, M. J. H. Imaran, Md. N. Molla, M. R. Karim. Preprint, 2026. ([arxiv](#))

[3] Deep Learning-Based Multi-Variety Rice Grain Classification Using Pre-Trained Convolutional Neural Networks.

Regional Conference on the Role of Statistics in Strengthening Sustainable Agriculture and Public Health, 2026, Bangladesh Agricultural University, Mymensingh, Bangladesh

EXTRA-CURRICULAR ACTIVITIES

Jan 2022 - Dec 2025

Served in multiple leadership roles in the Statistical Association, Department of Statistics, University of Rajshahi, including Pro Vice President, Cultural Secretary, Assistant Cultural Secretary, and Assistant Welfare Secretary, contributing to event organization, student engagement, and association activities
